Death Spiral

premiums
increase

healthy consumers
drop insurance

insurer
costs rise

family:
2 adults and 2 kids

income:
\$48,500/year

(U.S. average plan cost)

before a decision

\$261/month
in premiums

after a decision

\$706/month
in premiums

A portrait of a middle-aged man with grey hair and a full grey beard. He has light blue eyes and is looking directly at the camera with a neutral expression. He is wearing a dark blue polo shirt. The background is a plain, light-colored wall with a wooden ledge or shelf visible on the right side.
