

## Rural Health Private-Public Partnership Collective Impact -- Assessment 2015

**1. Within your organization’s mission, are there priority areas you would consider supporting if other philanthropic and public partners shared funding obligations with your organization in the next 12 months?**

\_\_\_No, we would not be interested in collective funding opportunities at this time but potentially in 2 to 3 years.

\_\_\_No, we are not able to use funding in this way.

\_\_\_Yes, pending organizational approval

**2. If you responded “yes,” please check no more than three priority areas your organization would consider partnering on a shared funding effort in the next 12 months AND identify other organizations that would potentially be good funding partners for the priority areas. Potential partners could be GIH members, other philanthropies, state, federal, or other government entities.**

Priority Areas	Potential Funding Partners (or write “unsure”)
ACA “From Coverage to Care” and Health Literacy	
Behavioral Health	
Improving access to services for American’s rural veterans	
Advancing health equity/ social determinants of rural health	
Addressing rural health workforce issues and needs	

Priority Areas	Potential Funding Partners (or write Unsure)
Child poverty causes and/or solutions	
Rural elderly/aging	
Rural HIV	
Delivery System Reform	
Development of statewide safety net	
Oral health	
Other (please describe)	

**3. Did your organization participate in the Care Coordination Aligned Funding Opportunity offered through the Federal Office of Rural Health Policy?**

\_\_\_\_Yes

\_\_\_\_No. If no, what were barriers to your participation?

- a. Our Board did not have interest.
- b. We did not have enough time to authorize participation.
- c. The focus was outside our priority areas.
- d. Other. Please describe:

**4. We (FORHP, GIH and NRHA) want this partnership to be of value to you. What topics or questions would you like to see this group address that is not duplicative of the information you get from GIH? Please list as many as you would like.**
